Greg,

That's fine, but assigning beds/trailers hasn't been the problem. It's just not the best when we don't know how many are coming and who they are. Doesn't provide any level of comfort that anyone is connecting the dots.

Thanks,

Derek

**Subject:** RE: HCI phone numbers

If we can get the information I requested in the "RV Occupancy" email we can handle the trailer/bed assignments for the most part. We would then send you a notification that someone is coming and where they are to be lodged

**Subject:** RE: HCI phone numbers

It would be awesome if we were notified in advance. That hasn't happened in several cases. I'm past the single booking point and having to double folks up, which is fine, but it is easier if I know people are coming.

I demob Friday and Eric is returning to Charlie the same day. We'll do our best to stay on top of things.

Thanks,

Derek

Hey Greg we are going to start having significant change over in the trailers in both Corpus Christi and Beaumont and would like the contact information for your people at both camps. We will always try to contact Eric and Derek first but if they're not available and it is an urgent call it would be nice to have an alternative number.

Thanks

The camps look great. I was wondering if you two could provide me with a name and cell phone # of the HCI contractor that is on-site. If we need something when while you are gone it would be nice to have someone to call. Thanks
